Bitter Fighting Rages and Reds Are Forced From New Positions.

(By Associated Press)

Warsaw, Poland, March 25.—Bolshevik attacks have been launched against the Polish line at various points on a front of 400 miles, and the long planned spring attack by the Russian soviet armies apparently has commenced.

While the Bolsheviks have made small advances at some places despite desperate resistance of the Poles, the latter have been holding the enemy in check in most sections, say official statements.

The reds have been compelled to retreat from several newly acquired positions along the front, but fighting still continues, the soviet troops using heavy artillery, tanks and other apparatus captured from General Denikin on the south Russian front.

Under no circumstances should Mr. Wilson ask for reelection, he said, recommending passage of an amendment limiting presidential eligibility to one term.

The Secretary, he declared, was unable to appreciate the necessity for obtaining and training men in advance of an actual declaration of war, and even after war was declared, the witness said, "He used to say 'we have too many reserves now.'"

Just before the United States joined the Allies, when the Bureau of Navigation was striving to recruit naval reserves, the witness said, Secretary Daniels ordered enrollment in the reserve stopped. Palmer said, however, that the enrollment was not stopped.

### ONE THOUSAND NOT EQUIPPED GET TAGS NOW

With but six days in which to secure licenses in order to comply with the law it was estimated Thursday by Howard Allen, secretary of the Fayette County Automobile Club, that at least one thousand Fayette countians had not equipped their cars with the 1929 tags.

Although the rush for licenses since the edict was issued by the court making the new tax constitutional has been steady it will have to increase if auto owners of the county are supplied with licenses by the first day of April.

Club officials, through whose agency the licenses are being distributed are asking that those who will apply for tags do not wait until the last day.

The authorities can see no excuse for cars operated after April first and not bearing 1929 tags.

### SPECIAL FEATURES MARK THE SERVICES

Each night of the Presbyterian services is marked by some special feature. Wednesday night there was a large delegation in attendance from Good Hope and it included a number of singers, who added volume to the congregational singing which was unusually spirited.

Rev. Ferguson always puts plenty of "pep" in his directing.

Mrs. Wert Shoop sang a solo just before Dr. Paulsoner delivered his message.

The sermon was exceptionally able, emphasizing the boundless love of God as based upon the text "John 3rd to 16th."

Thursday night Mrs. C. R. Ferguson and Mrs. H. Framer Smith of Philadelphia, famous all over the country as the "Clonson Sisters" will sing and this is an attraction which will add greatly to the enjoyment and interest of the meeting.

Friday night is "Old Home Night" and memories of the old fashioned home will be recalled. A special quartet, Rev. and Mrs. Ferguson and Rev. and Mrs. Smith, will furnish music.

In preparation for "Old Home Night"

### BUSINESS BLOK CHANGES HANDS

Delbert C. Hays, photographer, of this city, became owner of the Kellhofer Building on Court street Thursday afternoon when the deed was signed and the title registered for the property. The building is occupied by the Worrell Jewelry Store.

The deal for the building was made last fall but because of reservations due to the ownership of the property the deed and title were not given until Thursday afternoon. The building was the property of Jacob Kellhofer, heirs, Mrs. Frank Riechert, of this city; A. J. Kellhofer, of Cullman, Alabama; Andrew Kellhofer and Oscar Kellhofer, of Mt. Clemens, Michigan.

Hitchcock and Dalbey negotiated the transaction.

Mr. Hays will still occupy his studio at the corner of Court and Main streets. For some time Mr. and Mrs. Hays have been making their home in the apartments on the second floor, and will continue to live there.

One of the oldest buildings in the city, the Kellhofer block has served for different purposes during the growth of its surroundings and was at one time a saloon, a lunchroom, and for years a jewelry store.

### PLOW UP WHEAT WILL SOW OATS

A great many Fayette county farmers are preparing to plow or disc a large portion of their fields sown to wheat last fall as a result of the ice last winter killing off the wheat, and hundreds of acres of low ground will be sown to oats or planted in corn, so that an exceptionally large acreage of oats is anticipated in this county.

Most of the wheat on the higher ground is believed to be in fair condition, but in some fields where the land is low virtually the entire fields are to be sown to oats or broken up for corn.

Most of the farmers figure their loss chiefly in seed, fertilizer and time expended in seeding, and expect to make up much of the loss by the spring-sown crops.

Increasing the oats and corn acreage, particularly the latter, with the present labor shortage, throws a still greater burden of labor upon the farm operators generally.

### MAKING HEADWAY ON NEW FOUNDRY

Workman under the supervision of J. D. It is understood that a big stove concern has been seeking to open a branch in the factory portion of the foundry plant but a plant using a higher grade of castings is desired for the factory building.

### INSANITY TO BE DEVAULT'S DEFENSE

When Layton Devault, Adelphi youth who killed his father with a hatchet a few weeks ago, faces the court to answer to the charge of manslaughter placed against him, the plea of the defense will be insanity.

The superintendent of the Athens hospital will be included among the expert witnesses to pass upon the mental condition of the accused.

The crime of the young man was one of the most revolting in the criminal records of Ross County. Becoming angered at his father he followed him to the barn and watching a favorable moment when his father had his back to him, he struck him with the keen blade of the hatchet, and repeated the blows until his father lay dying at his feet. He then spread the alarm, declaring that a horse had kicked his father and caused his death. He later admitted his crime.

## Prominent New York Doctors Tell Why They Believe In PHOSPHATED IRON

They say it is the most valuable nerve tonic, strength and blood-builder any physician or hospital can use, often increasing the strength of delicate nervous, run down people 100% in two weeks' time.

Of great importance to the public generally should be the opinion of Dr. Joseph Ciaramelli, prominent New York Specialist and Authority, formerly Staff Physician of The Hospital Incurabili, and Consultant to The Hospital Jesus Marie, Naples, Italy, who is accepted as an authority by

JOSEPH CIARAMELLI, M. D.  
Formerly Staff Physician of The Hospital Incurabili and Consulting Physician to The Hospital Jesus Marie, both of Naples, Italy

European and American Medical Circles.

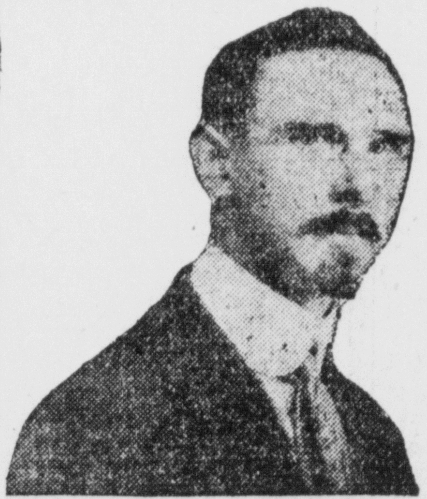

Dr. Ciaramelli in discussing the merits of this great blood tonic says: "It is without hesitation, I recommend Phosphated Iron. If people

would only take Phosphated Iron when they feel weak, nervous, and run-down instead of dosing themselves with ineffective remedies, I am convinced that there are thousands who could quickly build up their red blood corpuscles, increase their strength and nerve energy, put on flesh, and look and feel 100% efficient. A great number of people suffer for lack of iron and phosphorus, but do not realize what is causing their delicate health. In my opinion, Phosphated Iron is the most valuable nerve-tonic, strength and blood-builder any physician can prescribe."

When a noted physician like Dr. Harlan Page, Authority on Diseases of the Blood and Nerves, formerly House Physician to The Metropolitan Hospital of New York, comes out frankly and publicly endorses Phosphated Iron, it must arouse the interest of every thinking person.

Dr. Page in speaking of Phosphated Iron says: "Severe tests made on many of my patients absolutely convince me of the extraordinary value of Phosphated Iron, as a tonic and health-builder. I have seen thin, pale, nervous, run-down people, old and young, double their strength and endurance, regain their appetite, increase in weight, and after a few weeks' use of this splendid remedy, look and feel years younger. By enriching the blood and creating red blood cells, Phosphated Iron strengthens the nerves, rebuilds the weakened tissues and muscles, and instills new energy and vigor into the whole system. Every physician and hospital should prescribe Phosphated Iron."

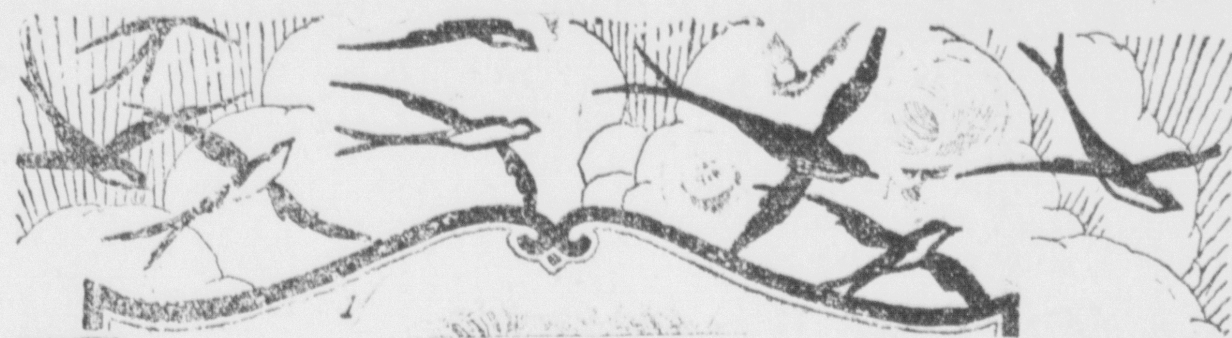

Are you anaemic, weak, nervous and listless? Then you owe it to yourself to try Phosphated Iron. Make this test: Weigh yourself, then see how long you can work or how far you can walk without becoming tired; next take two Phos-

## Make Yourself Heard

There seems to be, among many responsible men, a feeling that with the politicians in control of the primary law machinery, it is useless to hope for the nomination, by either one of the great political party national conventions, of any man not entirely acceptable to those comparatively few men who make their living playing politics all the year round, every year, framing issues and picking candidates so that the nation's affairs may be run by the politicians instead of by the majority of the voters and the vitally interested business men, producers and consumers.

We need not—in fact we must not—accept so gloomy a view of the conditions. Politicians can and will hear the voice of the people. If the people demand the nomination of a man free from the taint of politics the politicians will hear and heed that demand.

The delegates to both national conventions will be selected by the voters and will go to the convention free, so far as any real hindrance is concerned, to nominate men whom the people demand. There need be no fear of not heeding that demand and, if necessary, bolting political "leadership" if, in every community the majority makes its wishes known.

The real power of the majority must express itself to be respected and all that is needed for that expression of preference is for every individual who knows what kind of a man he needs and the nation needs for president to get busy and express his views emphatically.

The only danger to the majority is that, individually, they will, mistakenly, regard as hopeless any effort to secure recognition in party conventions.

It is every man's duty to forget political parties and political leaders until the majority establishes a new regime, and insist on the delegates to the convention throwing off the yoke of political bosses and represent, in fact, the great majority of people who make the wheels go round and foot the bills.

## Improvement Noticed

While it is only the middle of March and the railroads have been back under private control but little more than two short weeks there seems to be a change for the better in the method of operation already manifesting itself.

All railroad employees and attaches seem to have a different attitude toward the public. There seems to be very clearly apparent a desire to please and accommodate the public. Very rapidly, thanks be, the railroad men are as a part of the great business affairs of the nation, beginning to treat business men as business men. Employees seem to have comprehended that they are dealing with business men and conducting a business enterprise and that upon the success of that business and the proper and courteous discharge of their duty depends their success and their job rather than upon the whim and pleasure of some politician or political party.

## Speculation

That the financiers of the country have determined to call a halt on wild speculation seems evident. The quieting down of jumping values is proof that there is some powerful influence at work and it is coming not any too soon either.

The tightening of the purse strings of financiers, confining loans to legitimate channels of business, will exercise a far greater influence for good in bringing conditions back to normal than any legislation that can be enacted.

The remedy for high prices is to be found in the channels of trade and not in the legislative halls.

Insistence on the observance of normal rules regarding finances will soon stop wild buying and wild bidding on property and foodstuffs and manufactured articles.

When financiers refuse to advance money to manufacturers to enable them to hold their products then the markets are going to show an increased supply. When financiers refuse to furnish the greater portion of the purchase price for property the irresponsibles are certain to stop their wild bidding because they will be unable to make good on their proposals. When food hoarders are compelled to place their goods on the market to get money to meet obligations, there is going to be more supply and less demand.

All simple enough and all a matter of the enforcement of business rules by business men. The less legislation the better and the more sound business the better. It is the only solution and if let alone, by a, heretofore, too solicitous administration, business men will work out the problem.

## POETRY FOR TODAY

## WHEN A FELLER'S ITCHIN' TO BE SPANKED

When us fellers stomp around, makin' lots o' noise,  
Gramma says, "There's certain times come to little boys  
When they need a shingle or the soft side of a plank!"

She says "we're a-itchin' for a right good spank."

An' she says, "Now then you wait. It's a-comin'—soon or late,  
When a feller's itchin' for a spank."

When a feller's out o' school, you know how he feels,  
Gramma says we wriggle 'round like a lot o' eels.

Why it's like a man that's thies home from out o' jail,  
What's the use o' scoldin' if ye pull tray's tail?

Gramma says, tho' "then you wait, It's a-comin'—soon or late,  
You see the boys that's itchin' to be spanked."

That's funny creatures an' I like to make 'em yowl,  
Gramma always looks at me with a awful scowl.

An' she says, "Young gentleman, mamma should be thanked  
If you'd get your knickerbockers right well spanked."

An' she says, "Now then you wait, It's a-comin'—soon or late,  
When a feller's itchin' to be spanked."

Er you fin' the days is gettin' awful hot in school,  
An' you know a swimmin' place where it's nice and cool.

Er you know a cat-fish hole brimmin' full o' fish,  
Whose a-comin' to set around and wish?

"Taint no use to hide your bait, It's a-comin'—soon or late,  
When a feller's itchin' to be spanked."

Ol' folks know most ever' thing 'bout the world, I guess,  
Gramma does, we wish she knowed thees a little less.

But I always kind o' think it'd me as well,  
Ef they wouldn't alwus have to up an' tell.

We kids wish 'at they thees wait, It's a-comin'—soon or late,  
When a feller's itchin' to be spanked."

### SOCIAL : PERSONAL MENTION : CLUBS

In a season marked by an unusual number of society affairs, none have been lovelier than the Bridge luncheon of Wednesday given by Mrs. C. H. Griffiths, at which twenty guests were honored.

Mrs. Griffiths is always a charming hostess, with a thoughtfulness for the comfort and pleasure of her guests as distinctive a feature of her entertaining as her admirable taste. The bright Spring day, the spaciousness and beauty of the big annex dining room of the Cherry Hotel, freshly redecorated, and in which the guests were seated at small tables, and the smartness of many new Spring toilettes also contributed to the charm of the affair.

A most delicious luncheon was served, its four courses particularly seasonable and daintily garnished.

Exquisite basket of pink and white sweet peas mingled with spring blossoms and fern, the handles tied with bows in effective color combination, graced each small table, and the place cards bore the gold monogram of the hostess.

Mrs. Joseph H. Donnell, of Chicago, was a guest much enjoyed, her friends welcoming the opportunity to pick up the threads of their mutual interests.

# DAILEY PLANNED JAIL DELIVERY IS NOW IN CELL

Had Heavy Iron Bar and  
Two Bolts Ready to At-

Sheriff Acts Promptly Upon  
Tip Received and Auto  
Thief is in Safe Keeping.

Clifford Dailey, self confessed auto thief, suspected burglar and charged with attempted highway robbery, who is confined in the county jail awaiting the grand jury, is now closely confined in a cell in the county jail, where he will be kept until he is ready to take the next unpleasant step in his career.

Dailey's confinement in a cell is due to plans made for a general jail delivery which was tipped off to Sheriff N. B. Hall who speedily put an end to Dailey's ambitious plans.

Receiving a tip of Dailey's plans Sheriff Hall entered the jail and a little search disclosed that he had removed the heavy bolts and an iron bar which held a radiator in place, and had intended awaiting a favorable opportunity, then striking Sheriff Hall with one of the murderous weapons in order to make his escape. A blow from either of the two bolts or the iron bar would easily have crushed a man's skull.

Dailey is regarded as one of the most desperate characters held in the county jail in recent years, and a close watch will be kept on him. If

is the opinion of officials who have dealt with him that he would not hesitate to use anything upon which he could lay his hands if it meant escaping from prison.

The arrest of Dailey and Busick brought about through the combined efforts of Henry W. Jones, representing the Fayette County Auto Club, and Chief of Police D. L. Moore, apparently has stopped hold-ups and thefts of machines in this city for the present.

## FORMAL OPENING Y. W. C. A. CAMPAIGN FOR MEMBERSHIP

Wednesday night witnessed the opening of a Young Woman's Christian Association membership and finance campaign at a dinner served in the large dining room of the "Y".

Over fifty women attended—a splendidly representative gathering of thoughtful older women, young women and girls—and the much enjoyed hour of dining was the forerunner of the presentation of the plans for the forthcoming campaign.

The guests were seated at three long tables and the excellent dinner, which featured the appetizing home cooking of Mrs. Charles Sever, was served with much dexterity by "Y" boys.

Mrs. Carrie B. Willis, Provisional Chairman, presided and introduced Miss Jones, Y. W. C. A. Field Secretary for Ohio and West Virginia, who forcefully presented the need of the Young Woman's Christian Association, together with the platform which is necessary to insure the success of the institution, particularly emphasizing the non-fee membership, which is being found admirably adopted to its requirements.

Miss Jones' talk embodied the following platform.

1. Built on a Community wide basis—  
(a) The Y. W. C. A. in town must be community-minded. It is not for any one set of girls and young women.

(b) It must give girls a means of self expression or of service. Girls and young women have a real and Christian contribution to make to the community in which they live and the Association should be one of the channels through which this contribution to citizenship and democracy is made.

(c) It must make the girls a part of the community.

2. The program of a live Association is flexible without sacrificing the Christian principles which are fundamental to all its work.

(a) The non-fee membership makes it democratic.

Membership does not mean money but sacrifice. It does not mean privileges paid for by a fee. All privileges are open alike to members as non-members. If any of the activities are to be paid for the expense is shared alike by members and non-members. In other words does the Association exist for the members or does it through the members enter into the life of the whole town? Sometimes Association needing more money have raised it by a membership campaign. This should not be the reason for getting members. Girls should be led to join because through membership they hope to be of service to a big living organization in their community.

3. Democratic support.  
(a) Members subscribe and all citizens of the community are asked to subscribe. If the Association is a community organization it is justified in asking for support from the community.

(b) The fact that the members are asked to subscribe gives the girls a sense of responsibility and ownership that paying a dollar to join does not give them.

4. Adapts the program to the community needs.

(a) It does not copy the city program.

(b) It has central headquarters to meet the needs of home girls and the "down town" life of girls and young women in business and industry. These rooms are adapted to the needs for clubs, recreation, and rest.

5. Democratic organization and administration.

Women from all churches and groups in the community asked to serve as board members, committee members, and club leaders in co-operation with the young women—therefore it is not "one group doing for another" but a democracy of service and work.

6. Co-operation with all organizations working for the good of girls and young women.

Miss Charlotte Townsend local Y. W. C. A. Secretary, outlined the program which will be taken up upon the formal organization and the successful

raising of the \$4,000 budget.

The program embodies clubs for various groups of girls, business women, girls in stores, offices, factories, high school and grade school girls and room's register. Classes as desired be formed in gymnasium and swimming, hikes, out door recreations through the summer, the establishing of summer camps to sever girls of the county.

Mrs. Willis made the closing talk of the evening announced the following committee chairman—Miss Dorothy Fullerton, Publicity Chairman; Miss Myrtle McCoy, Membership; Mrs. Frank L. Stutson, Constitution; Mrs. Austin F. Hopkins, Finance; Miss Jean Howat Finance Office.

A number signed up for membership before adjourning.

# MARYLAND WOMAN CHRISTENS WARSHIP BEARING NAME OF HER NATIVE STATE

Battleship Maryland ready for launching, and Mrs. E. Brooke Lee.

The launching of the battleship Maryland Saturday at Newport News, Va., was marked by elaborate ceremonies. Many of the country's prominent officials were present. Mrs. E. Brooke Lee, wife of the comptroller of the state of Maryland and daughter-in-law of former Senator Blair Lee, christened the vessel.

## WOOD IS HEAD OF BAPTISTS FOR FAYETTE DRIVE

Harry E. Wood, of this city, has been appointed to take charge of the Northern Baptists' \$100,000,000 New World Movement for Fayette county. His appointment was announced today at Columbus, by Millard Brelsford, campaign director for Ohio.

Mr. Wood, who is a grocer of the English addition, will have charge of the work of raising the county's share of the \$7,000,000 quota fixed by the Northern Baptist Convention for Ohio. Under his direction teams will be appointed and the gift gathering organization for the county perfected to get under way at the word "go" on the 25th of April.

The Northern Baptists as the day for the campaign approaches are growing more and more confident that the \$100,000,000 which they have fixed as a goal will be secured. The denomination has organized itself down to the smallest church and when the machinery for the ingathering is started the eight days allotted for the task will witness a systematized activity by the Northern Baptists in itself almost miraculous.

The huge sum to be raised will be used in broadening the scope of the Americanizing and spiritualizing activities of the denomination. Missions, home and foreign, hospitals, schools, churches, relief stations will be built throughout the nation and the Far East. Ministers' salaries and the salaries and expenses of missionaries will likewise be increased.

## MADISON PRESS PRAISES BANQUET

The Madison (London, O.) Press, a representative of which attended the annual banquet of the Fish and Game Protective Association in this city recently, speaking of the banquet says in part:

"The annual banquet of the Fayette County Fish and Game Association was held last Friday night at Memorial hall in Washington C. H. with an attendance estimated at more than 1,000. It was the largest and most successful affair of its kind ever held by the association and one of the greatest gatherings of sportsmen ever reported in the State of Ohio.

"The Fayette association holds the state record for membership and the enthusiasm manifested at the meeting Friday night and the manner in which the men of that community pulled together are the reasons for the great success of the undertaking. The state fish and game motion pictures drew much praise from all and the ease with which the crowd was accommodated reflects much credit on those in charge.

"Visitors were present from many sections and those from London who attended the meeting were loud in their praise of the organization.

"The spirit of co-operation that was manifested by the men who took part in the Fayette County association was a marvel to the visitors from London. In the banquet hall, hard at work with sleeves rolled up and completely covered with huge aprons, were men of all professions, the banker, baker, farmer, shopman, business man, store-

keeper, politician and all. They worked with a will and the manner in which they succeeded is eloquent evidence of what constitutes success.

"With the lesson of co-operation clear, it is not to be wondered why the Fayette County Fish and Game association holds the state record for membership, interest and results. We take off our hats to this organization and congratulate them on it."

## NEW ILLS OF THE FLESH HERE WITH THE SPRING TIME

Troublesome Seeds Sown By the "Flu" As Well as By Winter.

It is needless to argue that the body reaches winter's end with lowered strength. Everybody knows it does. And everybody knows that with this coming of the season's change the body needs a "spring tonic." Those who've been at grips with influenza know further that in their cases more toning and building up will be needed this month and the next than ever.

Nerv-Worth stands ready to fill the bill. It steadies and strengthens the nerves, whets the appetite, aids digestion, rouses the liver, regulates the bowels, restores restful sleep, banishes sick and nervous headache, and other aches and pains, builds up run-down systems. In doing this it becomes the best of spring tonics. No need to dwell on this, either. Make the test yourself—buy a bottle of Nerv-Worth and its contents do not tone and build you up in the way described the druggist will hand your dollar back.

Ask for Nerv-Worth Laxative Tablets, 25c a box. Taken in connection with Nerv-Worth, the liquid they do a great work. Especially useful in thoroughly cleansing the bowels for those whose habits of constipation do not readily yield to the laxative properties of Nerv-Worth, the liquid.

The Brown and the Christopher Drug Stores at Washington C. H. and the New Holland Drug Store at New Holland sell Nerv-Worth—Advt.
